

MEENAKSHI VERMA

Product Manager | Digital Innovation | Stakeholder Collaboration | Strategic Project Leadership

+61 411021915 minakshi.kiit@gmail.com https://www.linkedin.com/in/mkva/ Australian Permanent Resident

SUMMARY

Product management professional with 8+ years of experience leading end-to-end product delivery, platform enhancements, and cross-functional execution within large, regulated organisations. Proven ability to lead strategic optimisation initiatives, partner across technology, product, credit risk and servicing teams, and deliver acquisition growth using performance metrics and KPIs. Strong track record of data-driven decision making, roadmap ownership, and stakeholder alignment, with demonstrated impact on delivery efficiency, customer experience, and operational outcomes. Known for reliability, adaptability, and consistent high performance across roles.

EXPERIENCE

Product Owner

American Express

07/2022 - Present Gurugram, India

- Led projects including Credit Risk Authorization Systems uplift, re-engineering initiatives across the contact centre and LOB demands.
- Partnered with technology, product, credit risk and servicing teams to deliver onboarding and application capability enhancements.
- Managed end-to-end product lifecycle; proactively identified risks, resolved delivery issues, and maintained a 96% feature on-time rate.
- Utilized Excel (scripting, automation), Python, and data-driven analysis to inform strategic decisions and track KPIs.
- Facilitated communication and expectation management between Engineering, UX/UI, Finance, and Compliance stakeholders.
- Developed detailed user stories, acceptance criteria, roadmaps, and wireframes to ensure clarity across IT and business teams.

Asst. Product Specialist.

Ramboll

05/2021 - 06/2022 Gurugram, India

- Managed automation and digital product delivery, saving 1,200+ person-hours annually with Python-based process automation and reducing project risks.
- Advanced stakeholder engagement and feature optimisation, increasing user engagement by 20%.
- Collaborated with UX/UI teams to design seamless user flows and improve product accessibility.
- Led digital application optimisation initiatives across the end-to-end application experience, improving conversion rates and acquisition KPIs.
- Delivered coaching and support to end users, improving uptake and satisfaction.
- Implemented feedback loops and prioritised improvements as part of continuous service optimisation.

Business Analyst

ATCS Inc

07/2018 - 04/2021 Jaipur, India

- Assisted development of new digital products for Mercedes-Benz, Daimler, and Volkswagen, increasing warranty cost savings by 15%.
